Hear him "We have had to handle issues relating to sickle cell anemia and other such diseases with great results. Recently, we had many cancer patients coming here and had positive results with them. the challenge however is, when these situations are detected early and quick attention is not offered, and having hung around seeking for medical attention without success for too long with several rounds of chemotherapy and the ailment degenerate wherein the body must have become very weak and collapsed. Howbeit even at that, we have recorded some significant results in such cases. Diseases like A.Ps (a genotype infection that sometimes appears and disappears with sores and wounds) which is viral in nature, has had some natural cure with us here at SIGMA HERBAL PLACE".

With the growing popularity of herbal medicine associated to its curative results and its absolute or minimal after-effect, the tremendous expansion in and the use of traditional medicine worldwide has continued to be on the increase says a report by the World Health Organization (WHO). The report further states that in Africa, up to 90% and in India 70% of the population depend on traditional medicine to help

the gospel of balanced dieting and eating well, an antidote for all manner of sicknesses in the world of man. “Like eating food to quench hunger without any side effect, your food should be your medicine and your medicine should be your food”. MY DESPERATE MESSAGE — TO THE CHURCH —

VISION: NEW
Nigeria

Prophet Isa El-buba
The Garkuwan Matasan Arewa
Recipient of the Sir Ahmadu Bello Sadaunna
Award For Peace

Like it is often said, "Evil will reign where the good is resting (sleeping). It is time to wake up: The church represents a special breed of people in any society. They are by nature and nurture the salt and the light of the world. What then should be our contribution? What should we do to the current path of perdition this country is set on? The answer is very simple: We should get involved to produce men and women we can pray for. Praying for people in power who have no connection with our goals and no understanding of what God's principles and expectations are is an exercise in futility. It will not produce the results we need because they simply don't understand what those results and expectations are.

The significant and vantage role I played in politics not as an observer or sideler but as a major stakeholder that resulted in my emergence as the deputy speaker of the Oyo state House Of assembly almost 30years ago places me in an unusual position to understand

the fundamental and rudimentary dynamics of party politics in Nigeria.

My four decades of involvement in God's kingdom business is equally an invaluable exposure that has given me the rare advantage to discharge this predestined obligation of helping the church refocus at this critical time, so as to recalibrate itself for the urgent task of rescuing the church and saving the country. And this cannot be achieved alone by prayers without actions. As a matter of fact I have always been teaching the principle that whatever you pray for without any corresponding action is like an arrow shot into the air without aiming at anything. The church has been shooting prayer arrows without a clear understanding and appropriate commitment to this significant principle.

It is high time we stopped complaining and protesting (beating about the bush) but rise up to do something if we want the manifestations of our fervent and heart-felt prayers over the years for Nigeria to be fulfilled.

My passionate intention is to bring illumination to these cloudy complexities.

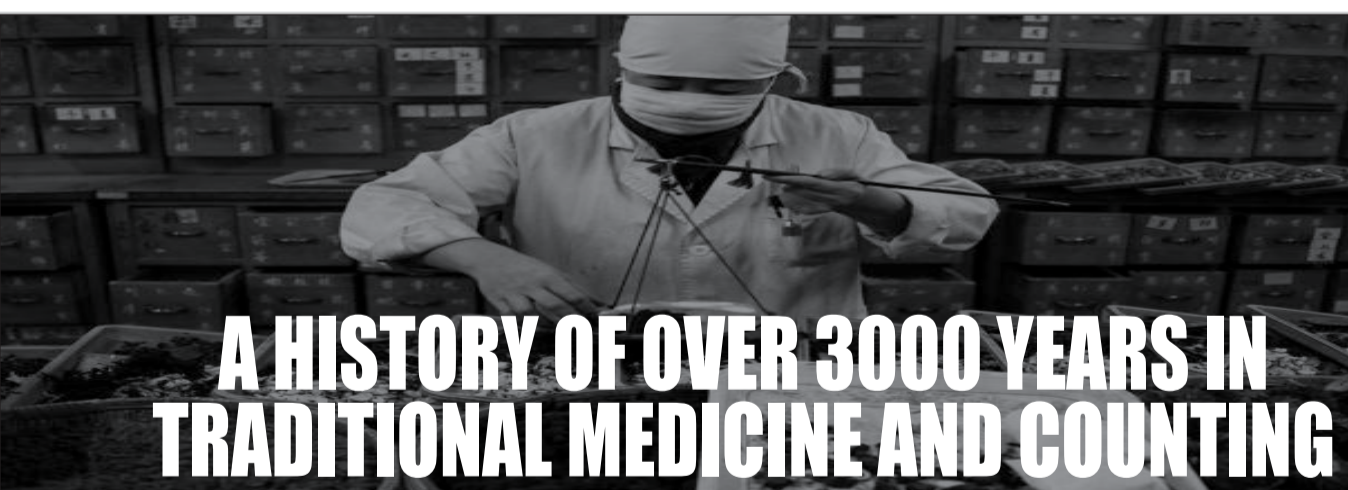

To bring better understanding to our unfounded presumptions.

To bring better clarity to what I have seen and that which I have experienced.

To bring to the notice of the church both the spiritual and physical dimensions that are required to turn the tide that is threatening to consume our country.

As a matter of fact, we all should know that life is both spiritual and physical. Though we believe that the spiritual controls the physical, the physical must be there, it cannot be discountenanced. That physical and participatory dimension, that input, that involvement that will create the new Nigeria we need, the church must rise up to activate it. That is my message to the church.

Like a blink of an eye, we're already at the brinks of the close of the year 2024. From the inception of this regime (The Ahmed Tinubu's Administration) till date, the Nigerian economy has continued to scream, woven around so many "unpleasantries", trust me, I do not intend to bore you with all the tasteless details, however like a rocking-chair moving back and forth giving you something to do but never getting you anywhere, which for me is the definition of worry and that's my point. Worry can never get you and I anywhere, but only lead to depression, high blood pressure and God forbid, a

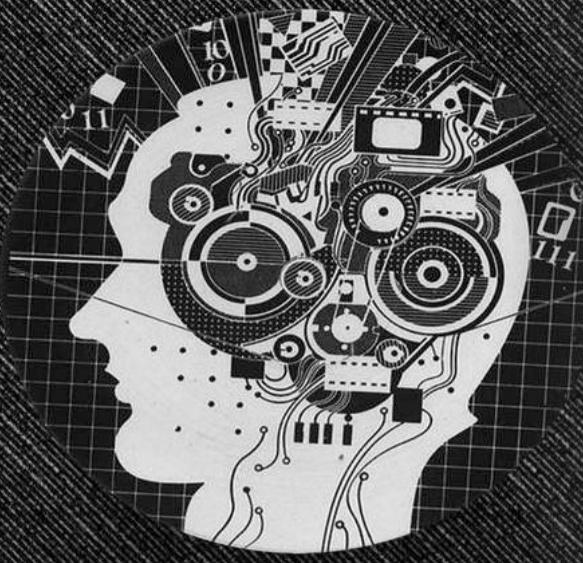

collapse of one's health, which has become the new-normal in our land, no thanks to the horrifying state of our national economy.

Let's keep moving with God and work harder so every possibilities lurking in the shadows of our beloved country Nigeria shall come into manifestations soonest.

BREAK THE LIMITS

There are certain forces that limit the growth of many destinies. Taking off the limits in your life is clearing out of your mind anything that impedes progress.

“Casting down imaginations, and every high thing that exalteth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ.”

2Corinthians 10: 5

There are certain thoughts which are rebellious. They go against the will of God. If your mind is closed, you cannot access answers to your prayers and you cannot achieve what God has designed you to achieve. Your thoughts can limit you, your thoughts can limit your progress and your thoughts can stop you from fulfilling the purpose of God for your life.

“Wherefore gird up the loins of your mind, be sober, and hope to the end for the grace that is to be brought unto you at the revelation of Jesus Christ.”

1Peter 1: 13

It was the limit that the ten spies placed on themselves, that limited their capacity to fulfil the prophetic mandate upon their lives. None of the ten spies saw the Promised Land. They all perished in the wilderness because of the thoughts they had in their minds and because of the words of their mouths. They belittled themselves and forgot the God-factor, they forgot the God that saved them from the hands of Pharaoh, they forgot the God that divided the Red Sea and they also forgot the God that provided food for them in the wilderness. They saw the sovereign power of God, yet they did not believe they could take over the Promised Land. The ten spies all perished in the wilderness, because of a wrong mind-set.

You can stop the promise of God for your life from manifesting, because there is something you will place upon your life that will limit the flow of the glory of God. Your sin can limit God from fulfilling His promise for your life. Your sin can hinder God from seeing you when you pray to Him and your sin can deafen God from listening to your prayer. (Isaiah 59:2)

There are many people who do not get hold of the mantle of God even though they sit around the mantle. There is something they have placed upon their minds that is stopping their growth. They have closed up their minds. The sons of Elijah did not take over his mantle even though they were his sons. The army of Israel, which God anointed for victory in every battle, limited themselves when they saw Goliath, the Philistine giant. They placed the limit of timidity and fear upon themselves. They saw a picture of a giant who could not be conquered in their minds. What you see or picture in your mind will influence your actions. Their minds incapacitated and limited them to defeat Goliath.

“And there came an angel of the LORD, and sat under an oak which was in Ophrah, that pertained unto Joash the Abiezrite: and his son Gideon threshed wheat by the winepress, to hide it from the Midianites. And the angel of the LORD appeared unto him, and said unto him, The LORD is with thee, thou mighty man of valour. And Gideon said unto him, Oh my Lord, if the LORD be with us, why then is all this befallen us? And where be all his miracles which our fathers told us of, saying, Did not the LORD bring us up from Egypt? But now the LORD hath forsaken us, and delivered us into the hands of the Midianites. And the LORD looked upon him, and said, Go in this thy might, and thou shalt save Israel from the hand of the Midianites: have not I sent thee? And he said unto him, Oh my Lord, wherewith shall I save Israel? Behold, my family is poor in Manasseh, and I am the least in my father’s house. And the LORD said unto him, surely I will be with thee, and thou shalt smite the Midianites as one man.”

Judges 6: 11-16

Gideon was not limited by the operations of the Midianites; he was limited by his belief. His belief system about himself was very wrong. God called him a mighty man of valour, but Gideon said to God that he was the least person in his father’s house. And as the least person, how could he be a mighty man of valour? Some people have losers’ mentality. They always look at themselves as not good. People, who place limits on themselves never, think anything good can happen to them. You have the capacity to roll away every limitation from your life. People who place limits on themselves are always embittered and confused every day of their lives. They are always in a pity-party. They are always in depression, looking for someone to blame in order to excuse their depression. They do not have a force, they are weaklings.

**Your mind is under your control.
God has created you to move
above limits. Do not allow the
situation you are going through
to kill you. You can weather your
way through and make a
difference. There is nothing you
cannot conquer.**

They always want somebody to push them. They have no driving force.

People, who place limits on themselves, always feel unloved. They have low self-esteem. Even though they have the best of things, they still feel like they are poor. They have low self-confidence. There is something in their lives that paralyzes and destroys their capacity to live well. It is not what people believe or say about you, it is what you think about yourself. Change your mind about yourself. You are more than what you can imagine. There is a capacity in you that no one else has. There is something inside of you that you do not even know about. Stop blaming yourself negatively, start working on yourself positively. Don’t limit yourself anymore. There are self-imposed curses you place on your life. You are the one who places limits on your life. You are the one who trains your mind to believe in limitations. Recondition your mind. No matter how old you are, if you are young in your mind, you will always be looking strong. And if you are young, but your mind is filled with limitations, you will look so old at all times. Age is not what you see in the physical, it has to do with your mind-set. Change your mind-set and think rightly. You must be careful how you allow the world around influence you. Take off limits from your life. Whatever your environment might have placed upon you, take them off.

“For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.”
2Timothy 1: 7

Your mind is under your control. God has created you to move above limits. Do not allow the situation you are going through to kill you. You can weather your way through and make a difference. There is nothing you cannot conquer.

The Church Today

DIVINE REVELATION OF GOD OF THE CURRENT STATE OF THE CHURCH

An account of bro Michael Thomas Sambo whom the Lord took to heaven

In a twinkling of an eye we were at a place near a mansion in heaven when Jesus suddenly pointed His hand down to a particular place on earth. When He did so He removed His eyes from there immediately. What I saw down on earth was a very large auditorium filled to capacity where worship and praises were going on. When I saw this, I exclaimed, "My Lord, the church is on fire, worshipping You in spirit and truth and expecting your imminent return"! Jesus immediately exclaimed with tears in His eyes "No my son look very well."

"And it came to pass, when they were come, that he looked on Eliab, and said, Surely the LORD'S anointed is before him. But the LORD said unto Samuel, Look not on his countenance, or on the height of his stature; because I have refused him: for the LORD seeth not as man seeth; for man looketh on the outward appearance, but the LORD looketh on the heart".

1Samuel 16:6-7

Then I look at them diligently. Jesus did not want to look at them together with me because of the situation of that congregation. When I looked intently at them I saw that the people praising and worshipping were doing so in chains. Their hands were chained, their feet were also chained. I saw that the chains in their hands were connected to a yoke of iron around their necks. On the head of some of them I saw heavy loads of sins. Their necks bent to one side. They were looking so tired as people needing help. Some of them had dark faces. On some of their faces I saw various types of sins written: Wickedness, Pride, Disobedience and so on. I also saw a dark image walking about in the congregation and saying "These are my people, I keep them here in bondage, they are busy here thinking they are serving God, but are not and they cannot leave this place". he was saying this boastfully.

The praises and worship in this congregation were different from that which I saw around the throne. They were bad, coming from people who were in chains of sins and Satan. They were not worshipping with pure and holy hearts. The dark personality was moving up and down amongst them, beating his hand in his chest in a boast continually.

And Jesus said to me "This is the situation of the church which I'm supposed to present pure and holy to my father. Atrocities and wanton wickedness is going on in the church by the ministers of the gospel.

Tell them that truth, righteousness and holiness are the only thing that will qualify a person for entry into Heaven. Tell them I love them but they must repent quickly.

“I also saw a dark image walking about in the congregation and saying "These are my people, I keep them here in bondage, they are busy here thinking they are serving God, but are not and they cannot leave this place". he was saying this boastfully.
”

PERSPECTIVES:

Most church projects are surviving only under the "Intensive Care Units" because they have nothing to do with Calvary or even little to do with God's plan. God's life is not in such projects. May we receive the courage and grace to switch off the life-support machine from these ventures and connect only to Calvary-driven assignments in Jesus boundless name. John 4:34

WOMANHOOD AND THE HOME-FRONT

REALITY CHECKS ON MARRIAGES IN OUR DAYS

"The heart is deceitful above all things, and desperately wicked: who can know it"?

Jeremiah 17:9

In the United States, a book titled: "HOW TO CHANGE YOUR WIFE IN 30 DAYS", sold two million copies in one week, before the author discovered that the title had a spelling error.

The correct title should have been: "HOW TO CHANGE YOUR LIFE IN 30 DAYS". After the correction, for a whole month, only 3 copies were sold

TIMELESS FORMULAR FOR COMPANIONSHIP

While the texture of our social-economic lives as a nation has continued to rust and corrode, leaving families and marriages at the receiving end, lot of stories that touch the heart abounds. Many are calling it quit and resorting into all manner of ungodly options. This ought not to be so. Beloved, if God so loved us, we ought also to love one another. 1John 4:11
 Enjoy the story below.

"See how good and how pleasant it is for brothers to live together in unity. It is like the precious oil on the head, that ran down on the beard, even Aaron's beard, that came down on the edge of his robes, like the dew of Hermon, that comes down on the hills of zion, for there the Lord gives the blessing even life forevermore".
 Psalms 133:1-3

A man married a beautiful lady and loved her very much. One day she developed a skin disease. Slowly she started to lose her beauty. It so happened that one day her husband left for a tour. While returning he met with an accident and lost his eyesight. However their married life continued as usual. But as days passed she lost her beauty gradually. Blind husband did not know this and there was not any difference in their marital life. He continued to love her and she also loved him very much. One day she died. Her death brought him great sorrow. He finished all her last rites and wanted to leave that town.

A man from behind called and said, now how will you be able to walk all alone? All these days your wife used to help you. He replied, "Am not blind. I was only acting; because if she knew I could see her ugliness it would have pained her more than her disease. So I pretended to be blind. She was a very good wife. I only wanted to keep her happy.

Moral:- Sometimes it is good for us to act blind and ignore one another's short comings, in order to be happy. No matter how many times the teeth bite the tongue; they still stay together in one mouth. That's the spirit of FORGIVENESS. Even though the eyes don't see each other, they see things together, blink simultaneously and cry together. That's UNITY.
 God bless you.

PRAGMATIC NEXUS BETWEEN LEADERSHIP AND ORGANIZATIONAL TRANSFORMATION

(Abstract from the Thesis Work Analysing the Administration of Rev. Prof. Sunday Bobai Agang at JETS from 2020- 2024)

EBOMI INTERNATIONAL BIBLE ACADEMY Column

INTRODUCTION

Every leader, especially for those of us who are Christian leaders and theologians are holding to leadership responsibilities entrusted, so that the church or organization we are serving and at the sphere of leadership influence that we are functioning, should experience transformation. That is the ideal, but we faced countless situations where it appears as if there is disconnection between leaders and the leadership influence they can exert, to cause changes in their spheres of influence. Prof Motty, Bauta (2016, p. 3.) opined, "A purposeless leader is irrelevant and useless. He follows the wind and wherever it blows."

LEADERSHIP ACTION

Leadership is a process that has pragmatic or action oriented part it plays in the operation of church and organizations through a common shared goal, which is action-oriented for the most appropriate reason fitted for its existence. John Maxwell (2011) says, "Leadership is influence. The dynamism that occurs within systems and the outside world, accelerate the continuous changing situations that are associated with the inter-play of factors that alters operational and productive activities. This can best be handled through transformational leadership approach, that can create a conducive atmosphere to manage the process of change, by having a clear shared vision, engaging the followers through the transition process and getting them motivated to do beyond their task requirement. Transformational leadership theory is the basic principle that plausibly explain the phenomenon under consideration in generating innovations and enhancing creativity."

PERFORMANCE IN TRANSFORMATION

Affirmatively, leadership is a process that has undeniable part it performs in the operation of organizations, the place of the leader in the scheme of things can not be overemphasized. Kouzes and Barry (2012) explained that, "Without leadership there would not be the extraordinary efforts necessary to solve existing problems and realize unimagined opportunities." It is a critical role that has the tendency to make or mar the intended success that is desired.

Nexus or connection between leadership and organizational transformation must be established for the envisioned change to take place, because, leaders who lack the intuitive capability to be innovative in their approach to leadership are consistently static in their practical performance which negatively affect the church or organization. For the inability to inject change in composition and operation of an institution, it remains un-transformed.

INFORMATIVE INSTRUCTIONS

- The connection between leadership and change must be driven by action.
- It can be substantiated from the outcome generated through the process.
- The praxis gives rise to visible changes that occurs in church or organization towards the achievement of set common goals.
- The absence of the connection is negative in out-come to the church or organization transformation process.
- Leadership influence and innovations are at the center of the transformation process from the beginning to the end.
- The experiences derived are set-forth as examples for learning and modelling by others.
- The process of leadership must be visionary and innovative for it to cause change in individual and church or organization.
- Leadership has the capacity to motivate people into action through the transformation process.
- Through the transformation process, there is increase in the skills and abilities of the people, as their capacity to handle situations is challenged, engaged and explored.
- The organization is made better through the transforming process.

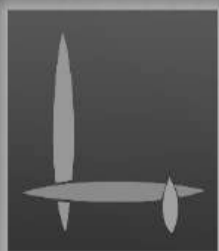

CONCLUSION

Leadership must be practical before it can majorly exert relevant influence in church settings or organizations, by initiating new ways of doing things for the transformation that will refashion the internal as well as the external structure and operation in the institution. As Christian Leaders and theologians, we are agents of transformation wherever we find ourselves in order that we can identify areas and requirement for necessary changes that will relevantly improve on the positive development and performance therein.
